

## BARTLETT SAYS REMOVING OVAL WILL NOT SOLVE TRAFFIC ISSUE

Gettysburg's traffic problem was the subject of a round-table discussion, which included Chief of Police Jack Bartlett and a state highway department official, at the monthly meeting of the Gettysburg Travel Council Tuesday evening at the court house.

Chief Bartlett said removal of the center plot from Lincoln Square would not smooth out traffic unless some of the side streets were developed, to take some of the traffic from the four main streets. "The plot removal would only make the regulation of traffic more difficult," he said.

The state highway official, who refused to be quoted, said that the removal of the center plot was the only eventual alternative to a by-pass around the town, "and I know you don't want that. . . . Many people feel that the plot should be retained. I don't like to see it removed, but we can't bury our head in sand. There are more cars coming into Gettysburg all the time."

Bartlett pointed out that a by-pass would get rid of the large trucks, "with their traffic tie-ups, and noise, and knocking the good people out of bed at 2 o'clock in the morning. Only one out of a hundred of them stop in town anyway."

The possibility of one-way streets was also discussed. Bartlett expressed the opinion that with the volume of traffic handled, a one-way street in Gettysburg is not long enough and would become too easily jammed.

The highway official listed, as another alternative, traffic lights to straighten out traffic in the square.

## COUNTY COUPLE LODGED IN JAIL AFTER HEARING

Clifford Powell, Orrtanna R. 1, was lodged in the county jail Tuesday afternoon in a default of \$1,000 bail on a charge of discharging a deadly weapon. His wife, Hazel, is also in jail in default of \$500 bail on a charge of forcible detention of the home of his aunt, Mrs. Bertha Miller, near Cashtown.

The decisions were reached after a hearing before Justice of the Peace Robert P. Snyder Tuesday at which Powell admitted firing a shotgun blast at Ray Spielman.

The case developed when Mrs. Miller is alleged to have been refused admission to her home after returning from the hospital where she had undergone surgery. She is alleged to have granted use of the home, during her stay in the hospital, to the Powells. It was alleged that the Powells refused to admit her when she returned.

Spielman became involved in the case when he is alleged to have gone to the Miller residence, when occupied by the Powells, to get his clothes and that Powell shot at him. Spielman said that he had resided with Mrs. Miller for several years and that when the Powells occupied the home he had spent one night at his father's farm and when he returned to the Powell residence he was locked out. He said he "pulled" the hook off the door, entered the home and took his clothes and that he "didn't disturb anything else."

## JURY CONVICTS H. A. STURMS ON 2 COUNTS

In a verdict read in Adams County Court at 1:15 o'clock this afternoon, H. A. Sturms, New Oxford R. 1, was acquitted of a drunken driving charge but found guilty on counts of resisting arrest and aggravated assault and battery.

Foreman Clarence J. Krichen of Littlestown read the verdict that it had taken the jury two hours and 15 minutes to reach. The jury provided that on the drunken driving count on which he was acquitted he must pay the costs.

Sturms was charged with hitting and kicking New Oxford Police Chief Walter E. Bemiller when the New Oxford officer attempted to put him under arrest. Bemiller testified Tuesday that he went to a scene of an auto crash, found Sturms slumped over the wheel of his car, offered to take Sturms home, and when Sturms refused, the officer said he was attempting to turn off the ignition of the car when Sturms hit him. Bemiller said he then told Sturms he was under arrest. Sturms, Bemiller claimed, put up a fight during which Bemiller was struck and kicked in the groin. The kicks caused a hernia, the police chief said. Assistance had to be called to get Sturms into the police car.

### Blames Cold, Grippe

Sturms testified he had "a gripe or the cold," or the day in question; had arisen at 5:30 o'clock and "took four pills from shortly before 6 until about 10 o'clock in the morning." He visited a store and a barber shop, and still feeling "bad" from the cold-grippe, had "two shots" of whiskey at the Park Hotel.

Feeling "rough," Sturms said he drove to near the factory where his wife worked, planning to ask his wife to come out and drive him home. Sturms said he had a "some difficulty" in parking and admitted to striking a pole, but said he did not believe his car had hit a sign, as Officer Bemiller claimed.

Sturms said he saw Bemiller beside the car. His next recollection, Sturms said, was of a doctor in a hospital asking him to walk a straight line. Sturms said he looked and couldn't see a line and told the doctor there was no line there. His next recollection, he said, was finding.

He told the students: "The Maroon and White of today, just as the high school of today, and the town itself, is the product of the efforts of a lot of people, the group that began it in 1920, the group during the year I was editor and all the staffs down through the years. Each staff was able to put out just a little better paper because of the efforts of the young men and women who had edited the paper before them. Make your best efforts to leave the Maroon and White next year just a little better than it was when you received it, leave Gettysburg High School just a little better than you found it."

## ATOMIC BLAST POSTPONED FOR SECOND TIME

**SURVIVAL CITY, Nev.** (AP)—The Atomic Energy Commission at the last moment today postponed the big atomic civil defense test because of unfavorable weather conditions.

The announcement was made to hundreds of observers and newsmen gathered at an observation point near this model community, braced to receive atomic fury.

The elaborate test had been scheduled for 5:15 a.m. PDT. The postponement was disclosed after a weather briefing. It was the second 24-hour delay in the test, originally scheduled for yesterday.

The announcement came at 4:23 a.m. only eight minutes after the second of two TNT shots had been fired to test wind direction.

The wind was blowing almost due south, right at observers at News Nob and in the general direction of Las Vegas, the nearest populated city.

**Crowd Is Disappointed**  
The crowd groaned as the announcement came over the loud speaker.

But the more than 2,800 troops and other civil defense observers in forward areas must have felt the frustration even more.

The biting cold of the desert night had promised a cold day of reckoning for the atomic test town. It was only a few degrees above freezing on Yucca Flat as newsmen and invited observers rolled into News Nob for what was to be history's largest public nuclear test.

The observer groups had traveled some 90 miles from Las Vegas by bus to the site and many hadn't bothered to try catching some sleep before departing at 11:30 p.m. Now they will have to repeat the process tomorrow, if the weather is favorable.

High winds which have raked southern Nevada for two days came up strong again this morning. Besides the morning chill observers had dust clouds to brave.

### Brisk Coffee Business

The lineup for hot coffee was the first order of business as the group arrived at the site and business was as brisk as the weather. The 500-foot detonation tower was lighted, enabling photographers to set up their cameras and focus for the blast that didn't come off.

Observers at News Nob were alerted when they arrived to the possibility of sudden evacuation in case of a fallout from the nuclear cloud. The testers, however, said they hoped the cloud would travel over the sparsely populated Nevada-Arizona corner, whence most of the previous 43 atomic clouds here have traveled.

The first of two TNT blasts to test shock waves and wind direction was set off at H minus 2 hours, or 3:15 a.m. The second came an hour later.

## BARTLETT SAYS

(Continued from Page 1)

"Certainly, something has got to be done," Bartlett said. "Cars are being manufactured much faster than they are being junked. At this rate, it will take 30 or 40 minutes to get through town, ten years from now. . . . When I'm teaching some guy how to drive, I take him out to the Square Saturday night for the final lesson. I set him loose in that no-man's land and say, 'Okay, you're on your own here. If you get through this, you pass the test.'"

### Two "Solutions"

The consensus of opinion was that a by-pass or a system of one-way streets was the only solution, with some of the dead-end side streets opened up.

Following the traffic discussion, Henry M. Scaarf, secretary of the Board of Directors of the Annie M. Warner Hospital, asked the "aggressive cooperation of the travel industry" in the drive to raise \$250,000 by July 1 to build a hospital annex. He spoke of the crowded conditions at the hospital, and said that hospital facilities must be available for students and tourists, as well as for residents. "This should be just as much a part of our service as beds in the rooms and food on the tables."

The group voted to send a letter to each member of the travel industry in the Gettysburg area, strongly urging that they contribute to the drive, and that they note on their donations that they are from a member of the travel industry.

## JURY CONVICTS

ing himself seated on a cot in a jail cell and "they had come to take me home." The condition of periods of "blacking out" continued for several days, Sturms said.

### Different Version Given

Mrs. Beatrice Smith, Hanover R. 5, who said she was sitting in her car immediately behind another car which was a car's length back of the Sturms car, testified she saw the whole scene through the windows of the cars. She said Bemiller pulled Sturms out of his car "by the neck" and "pushed him" after which Sturms walked across the street to the policeman's car by himself.

Mrs. Smith, claiming her view of all that went on continued across the street, said Bemiller hit Sturms and then Sturms kicked back after which the officer, according to her testimony struck Sturms four or five times with a blackjack. It was after that that Bemiller was kicked in the groin and "I saw him bounce back against the building," she said. Sturms and Mrs. Sturms testified to bad bruises on Sturms face, an eye swollen shut when he came from the jail, and "blood running down his nose at the hospital and two front false teeth broken off."

### Start Next Trial

Dr. Bruce N. Wolff, who told the jury he found Sturms under the influence of intoxicants when he was brought to the hospital here after the arrest, said that during his examination he found Sturms to have a "slight brushburn on the face." Dr. Wolff held steadfastly to his opinion that Sturms was drunk, holding that the medicine taken was of slight potency and that the "two drinks" had caused the condition he described as being due to alcohol.

Trial of a charge of receiving stolen goods against John W. Forsythe, Gettysburg R. 2, was begun at 11 o'clock this morning. Forsythe is accused of purchasing three sticks of dynamite and a fuse for 54 cents from a 14-year-old boy. The youth told the jury this morning that he stole the dynamite from Andrew Hensley, Highland Twp. For the first time in many terms of court the first 12 jurors called for the Forsythe case were all found acceptable by the attorneys. Usually 18 to 20 are called before 12 are secured.

## TEN STUDENTS

(Continued from Page 1)

you do is unimportant, but even if you feel the work unimportant, upgrade it. Leave the job just a little better than you found it. The high school newspaper is not unimportant. It is the recording of the events that occur in the high school, it is providing accurate reporting of today's events for tomorrow's history.

Mr. Scharf also observed: "I deplore the suspicions that are cast one against another, the attempts to break up the unity of our country. Just visualize what happens when you are driving along and are stopped by a traffic light. During that 30 to 45 seconds that you are stopped you may see roll before you a quarter of a million dollars worth of automobiles owned, not by just one or two, but by all sorts of people. That does not happen anywhere else in the world. That is our system."

"We are becoming too easily led, we are letting commentators and others do our thinking for us. We have got to think for ourselves, get away from regimentation in our thoughts and ideas. Let's not be afraid to be wrong, to lose popularity. Let's not sacrifice our individuality, our right of choice."

**Ovation For Miss Ramer**

Recalling the early days of the Maroon and White, Scharf observed, "The staff of the Maroon and White gathered here tonight is twice the size of the entire class of 1921."

Miss N. Louise Ramer, faculty advisor of the high school paper for many years, was given an ovation by the outgoing and incoming staffs of the newspaper and student speakers expressed their appreciation of her help and efforts in the course of their talks.

Miss Ramer responded briefly, terming the outgoing staff "the one that caused me to worry less about the paper."

**Students Take Part**

Joyce Mehrling gave the invocation; Dorothy Himes led group singing; Shirley Temple read the staff will; Henry Fox, Carolyn Ketterman, Joyce Mehrling and Jane Reuning, as a clarinet quartet, presented "Dance of the Nymphs" and "Snowflakes."

Gerry Wentz presented magic tricks. The staff responses were presented by Elise Scharf, 1954-55 editor; Jane Reuning, 1955-56 editor; Thomas Gormley, 1954-55 business manager; Edward Staley, 1955-56 business manager. Guests introduced included George Kadwill of The Gettysburg Times; Jacob M. Sheads, teacher at the high school and a past editor of the Maroon and White; G. Henry Roth, a reporter for The Gettysburg Times and a former editor of the high school paper, and June Roush, of the art department of the school.

**Recall Experiences**

The program concluded with reports by the following members of the retiring staff on their "most unforgettable Maroon and White experience": Joyce Mehrling, Marie Wetzel, Shirley Temple, Virginia Wachter, Richard Pennington, Herman Smith, Elaine Wolff, Charlene Patterson, Nancy Ramer, Jane Warren, Thomas Gormley and Elise Scharf.

Committees for the dinner included Jane Reuning and Edward Staley, general chairmen; Gene Hoak, financial chairman; Jane Biggam, Susan Britcher, Judy Crowl, Peter Pennington and Albert Treher, entertainment; Donald Moser, Helen Pfeiffer and Donna Spence, program covers; Aurelia Spence, Janet Stuckey and Gerry Wentz, place cards; Molly Lighter, Martha Bowman, Anne Eckert, Shirley Fox, Anne Holoka, Betty Pennington and Susan Stuckey, table arrangements; Helen Barley, Dorothy Himes and Joyce Kendeheart, song sheets.

**MAY LIMIT PRACTICING**

HARRISBURG (AP)—A Democratic sponsored House proposal would prohibit Pennsylvania licensed osteopaths from practicing as partners with non-professionals.

The measure would outlaw operations such as the Hoxsey Cancer Clinic at Portage. It is sponsored by Reps. David M. Boies (D-Allegheny) and Granville E. Jones (D-Philadelphia).

**RECORDS INTO PULP**

HARRISBURG (AP)—Selective service records of the state's World War II registrants will be sold for conversion into pulp, the state selective service board said yesterday.

**CONFERENCE TERMS**

WASHINGTON (AP)—President Eisenhower said today the United States is willing to confer alone with Red China regarding a Formosa area cease-fire—but not on matters affecting Nationalist China.

## Adams County Farmers Had

Good Year Report Reveals: Ap-  
ples was Adams County's most  
valuable farm crop in 1954 accord-  
ing to the annual report of the  
state Department of Agriculture,  
although corn was not far behind.  
The value of the 939,700 bushels  
of apples produced in Adams Coun-  
ty last year was \$1,315,580 ac-  
cording to the report, while farm-  
ers who raised 1,161,670 bushels  
of corn, received \$1,206,130 for  
their crop. A surprising feature  
of the report is that the 596,200  
chickens on Adams County farms,  
with a value of \$773,760, laid 3-  
350,000 dozen eggs, having a value  
of \$1,072,000 according to the de-  
partment's report.

## The report also showed there

were 2,380 cars on the farms, 600  
tractors, 720 farms had electric  
service, 730 had radios, 400 had  
bathrooms and 500 heating sys-  
tem in their homes. It was esti-  
mated that 10,790 tons of com-  
mercial fertilizer valued at \$281-  
806 was used on the farms.

## Reservations For Minstrel:

Many seats were reserved at the  
News Stand Drug Store this morn-  
ing when the chart for the "Fash-  
ion Plate Revue and Minstrel"  
was opened. The show, given un-  
der the auspices of the Gettys-  
burg Lodge of Elks, by Gettys-  
burg talent will be produced next  
Thursday evening at the Majestic  
Theater.

## The feature dancing number

of the show is the tap dancing  
ensemble in the scene, called  
"Shine." Twelve young men and  
women perform what is one of  
the most difficult routines of dance  
steps ever attempted in an am-  
ateur show here. In the ensemble  
are Josephine Codori, Dorothy  
Meyer, Eleanor Zinn, Mary Bell,  
Virginia Mitchell, Mary Stock,  
George Bushman, Dale Pitzer,  
Donald Swope, Henry Spahr, Wil-  
don Plank, Andrew J. Duart. Also  
appearing in "Shine" will be Roy  
E. Zinn as "The Cop," Horace  
Bushman as the "newy" and

mund Thomas, Tom Zeigler, Nel-

## Today's Talk

## KEEP GIVING BACK

The farmer gives much to get  
back what he does. The soil is  
prepared, seed sown, and there  
is the labor required for the har-  
vest. What he takes back is all  
too often less than he gave. The  
fact remains, however, that no one  
can get without giving.

Life is a rich storehouse of free  
gifts, but if we only take from it  
without ever giving anything back,  
in time we are bound to be poorer  
than if there had been nothing  
for us in the first place. All life  
takes from the sun, but what it  
takes it gives back in a thousand  
ways in the form of beauty, rich  
harvests, and health to all moving  
life. Every flower in the field  
smiles back its appreciation.

A favorite line of mine has been:  
"Be glad to give as much as you  
take." I am sure if we all fol-  
lowed that suggestion we couldn't  
help but be successful in business  
and happy in all our dealings with  
others.

How many a business man has  
started small and kept putting  
back into his business all he earned,  
taking back the smallest possible  
amount, confident in time he would  
get back far more than his first in-  
vestment plus all he had taken out.  
We don't always get back the  
equivalent of what we put into a  
thing, in a material form, but we  
can become inwardly enriched,  
which returns a satisfaction noth-  
ing material can match.

I know of a wealthy American  
business man, who so appreciated  
the start given him in a small  
Nova Scotian town, that he later  
presented his home and a beau-  
tiful park to the town. In turn the  
place has brought pleasure and  
happiness to scores of others. Not  
long ago I read of a foreigner  
who landed in the United States  
poor and unknown. In appreciation  
for this free land and the oppor-  
tunity to make a small fortune,  
he willed his entire estate to the  
United States Government! He too  
took much but he gave back!

Tomorrow Mr. Adams will talk  
on the subject: "Aloneness"  
Protected, 1955, George Matthew  
Adams Service

## THE MARTHAS

The Marthas of the church are  
those who serve the Lord from day  
to day.

There always is a group that  
sews.

Or keeps the altar flower-gay.

A group will bake the cakes and  
pies.

But seldom stay for speech  
and song.

Without the aid each one supplies  
The church could never get along.

The Marthas work in aprons white.

The linen on the board they  
spread.

And then they vanish out of sight  
As soon as every guest is fed.

To get the program under way,  
The chairman is supposed to stand.

And to the throng assembled say:  
"Let's give the women-folk a  
hand."

The Marthas serve the church  
for love.

Their service freely they allow.

I sometimes think the Lord above  
Must smile to see them "take  
a bow."

For all their courage while they live,  
For all the patience they  
command,

I'm sure, some day, that God will  
give  
The Marthas of His Church  
"a hand."

## Carnegie Medal Given Local

Man For Heroism In Saving Girl  
From Path Of Train: Gettysburg  
today greeted and paid tribute to  
a modest and unassuming hero,  
Harter E. Gleim, W. Middle St.,  
whose heroism in plucking a  
young girl from the path of a  
train in the face of almost certain  
death for both of them has been  
awarded by the Carnegie Hero  
Fund commission with a bronze  
medal and \$1,000.

At the spring meeting of the  
hero fund commission in Pitts-  
burgh Friday, Gleim's heroic act  
was considered and the award was  
approved. A letter from the com-  
mission was waiting Mr. Gleim  
when he returned to Gettysburg  
this morning from his duties as a  
brakeman on the Reading Rail-  
road.

Gleim was standing at a switch  
at Pine Grove Furnace June 21,  
1928, while the passenger train on  
which he was working as brake-  
man was shifting. The young girl  
came down to the station and her  
poodle ran onto the tracks. She  
followed. Gleim told a Times re-  
porter, "I ran for the child about  
40 feet away as the engine was  
approaching. I grabbed her in my  
arms and ran about 15 feet ahead  
of the locomotive to get round  
the end of a high station platform  
which parallels the tracks. A high  
bank on the other side of the  
tracks made it impossible for me  
to do anything but run for the  
end of the platform. The engine  
was traveling about 20 miles an  
hour at the time with William  
Voorhees, W. Middle St., at the  
throttle. As soon as he saw what  
was going on Voorhees cut the

TWO TURNPIKE  
EXTENSIONS UP  
FOR HOUSE VOTE

HARRISBURG (P)—The House  
today took over Senate-passed bills  
authorizing construction of two  
more proposed extensions of the  
Pennsylvania Turnpike.

First action will come in the  
House Highways Committee head-  
ed by Rep. Anthony J. Petrosky  
(D-Westmoreland).

The two measures call separate-  
ly for building a new east-west  
extension from Stroudsburg to  
Sharon and running a connecting  
link from the western section of  
the present toll road to the West  
Virginia state line.

Pennsylvania Turnpike Com-  
mission members are taking no stand  
on the feasibility of constructing  
either extension. Their position is  
that the Legislature and the gov-  
ernor bring forth the ideas and  
they make the surveys.

On the basis of traffic and en-  
gineering surveys, the commission  
makes its report to the governor,  
and the final decision then is made  
on whether to go ahead with any  
particular extension.

Financing the project is the  
prime consideration. The commis-  
sion must be able to sell its bonds  
in order to guarantee any stretch  
of construction.

## 17 Senators Join In

On this point there has been  
doubt in some quarters pertaining  
to the Keystone shortcut route—  
that is, the Sharon-Stroudsburg ex-  
tension. It would parallel in a gen-  
eral way the present superhigh-  
way through southern Pennsylvania.

However, 17 senators—great-  
est number to place their signatures  
on any one senate bill this year—  
have joined as co-sponsors.

They maintain the route would  
aid industrialization of northern  
Pennsylvania and would be war-  
ranted alone by facilitating direct  
traffic between Chicago and New  
York City.

## Would Complete Circuit

Further, the route would com-  
plete the turnpike circuit within  
the state should it and the north-  
western extension, already author-  
ized by the Legislature, be com-  
pleted. Construction of the north-  
eastern extension from near Phila-  
delphia to Scranton now is well  
underway.

The West Virginia extension  
would mean eventual linkage be-  
tween the Pennsylvania Turnpike  
and the toll roads of five surround-  
ing states should plans mature.

The Pennsylvania Turnpike—  
oldest of them all—already links  
with the new Ohio pike and a  
bridge being built over the Dela-  
ware River will connect with the  
New Jersey Turnpike.

Legislation already on the books  
authorizes proposed links with New  
York state and Maryland.

The spur to West Virginia would  
connect with a proposed extension  
of the partially completed West  
Virginia turnpike.

The bill states that the extension  
would begin "at or near a point  
west of or east of the city of Pitts-  
burgh as the Pennsylvania Turn-  
pike commission may decide is  
most feasible and practicable and  
thence in a general southerly di-  
rection to the West Virginia bor-  
der."

Passage of the Keystone short-  
cut route by the Senate pushed  
into the background another pro-  
posal for an east-west extension  
running through the northern tier  
counties along the New York bor-  
der.

Instead of the latter, the Senate  
has passed a resolution urging the  
federal government to include  
widening of U.S. 6 to four lanes.

speed of the engine, but the cars,  
which had been cut loose, bumped  
the locomotive and sent it forward  
with a jerk. I got around the end  
of the platform with the engine  
brushing my coat." Others on the  
train crew that day with Gleim  
and Voorhees were Samuel Weis-  
er, conductor; Charles Sheely,  
flagman; William Walker, fireman,  
and Harvey Geyer, brakeman, all  
of Gettysburg.

Student Is One-Man  
Date Bureau For Frat

PITTSBURGH, Pa. (P)—There's  
no dearth of dates for members  
of the Theta Chi fraternity at Pitt.  
Phil Russo, a 214-pound student,  
arranges them.

"It is not a matrimonial agency,  
just a social function," he says.  
"Theta Chi was sinking into a date-  
less fraternity because engineering,  
math and premedical students were  
too busy 'boning' to make dates.

"I decided to do something to  
help out. I managed to get dates  
from student nurses in various hos-  
pitals near the campus."

FOREIGN TRADE  
BILL IS FACING  
TOUGH BATTLE

WASHINGTON (P)—President  
Eisenhower was credited with a  
foreign trade bill without major  
changes, but it still faces a tough  
floor battle.

The committee approved the bill  
last yesterday 13-2. Senators Kerr  
(D-Okla.) and Malone (R-Nev.)  
were the only dissenters.

Chairman Byrd (D-Va.) hailed  
this virtual unanimity as a sign  
that the bill could be put through  
the Senate without any damaging  
amendments.

## To Debate Monday

Nevertheless, sponsors of ad-  
ministration-opposed amendments  
rejected in the committee laid  
plans to carry the battle to the  
floor. Debate may begin Monday.

This was particularly true of  
Senators who seek relief from im-  
port competition for specific com-  
modities. One powerful lineup fa-  
vors a sharp cutback on oil  
shipments into this country.

The Senate committee preserved,  
as the House had done on close  
votes in passing the bill earlier,  
the key powers sought by the Pres-  
ident. These are a three-year ex-  
tension of the 21-year-old reciproc-  
al trade pact law and new au-  
thority for the President to cut  
tariffs 15 per cent. The law gives  
the President power to reduce im-  
port duties in exchange for similar  
concessions from other nations.

## Besieged By Complaints

Eisenhower has several times  
urged passage of his bill without  
crippling amendments as a major  
boon to the economies of all free  
world countries.

But Congress has been besieged  
this year by complaints of indus-  
tries either claiming serious dam-  
age from imports or expressing  
fear of such damage from new  
tariff cuts.

has begun printing the daily radio-  
activity count in the air here.

DEMOCRAT SAYS  
AXE WILL FALL  
ON HUGE BUDGET

HARRISBURG (P)—Chairman J.  
Dean Polen (D-Washington) of the  
House Appropriations Committee  
made it plain today the axe will  
fall sharply on the administration's  
record-breaking \$1,834,000,000 bud-  
get.

"I've never seen a budget yet  
that couldn't be reduced without  
curtailing essential services," he  
said.

The Democratic lawmaker dis-  
closed his 22-member committee  
will start open budget hearings  
next Tuesday. Only rarely in the  
past have such hearings been open  
to newsmen.

Polen said he would aim his  
first searching questions at 195  
million dollars asked for the Wel-  
fare Department, a boost of 45  
millions more than two years ago.

"I personally am not in favor  
of blank checks for anybody," he  
said in criticizing a blanket grant  
of 142 millions for state-owned hos-  
pitals, homes, mental institutions  
and training schools.

In previous years, items for each  
of these categories were spelled  
out in detail.

Polen said he had no plans to  
seek a budget slash by a fixed  
percentage or by any fixed amount.  
Polen said an eye would be kept  
on taxes as the committee calls  
in department heads.

An additional 115 million dollars  
chunk of Gov. George M. Leader's  
tax program was introduced in the  
House yesterday. The new tax bills  
feature a 1 per cent boost in the  
corporate net income to 6 per cent.

Chairman George J. Sarraf (D-  
Allegheny) of the House Ways and  
Means committee hinted nothing  
will be done on taxes, including  
income levy, until after the budget  
hearings are concluded.

OFFER PENSION  
PLAN FOR SOME  
STATE WORKERS

HARRISBURG (P)—A separate  
pension plan for employees of the  
state Liquor Control Board with  
retirement benefits beginning at  
the age of 50 has been proposed  
in the Senate.

The cost of the program would  
be provided for by an addition of  
two per cent to the state's present  
markup on bottled goods.

Under the plan some 3,000 em-  
ployees of the board would be taken  
from the regular state employees  
retirement program and be placed

under their own.

Sen. John H. Dent, Democratic  
floor leader and co-sponsor of the  
bipartisan measure with Sen. Row-  
land B. Mahany, Republican floor  
leader, said the plan was evolved  
after a two-year actuarial and eco-  
nomic study.

## Serve Dual Purpose

"This bill recognizes the dual  
function of the Liquor Control  
Board employees—serving in both a  
governmental and business capac-  
ity," Dent told the Senate yester-  
day.

Although the plan would change  
from 60 to 50 the age for voluntary  
retirement under the regular state  
employees retirement program, a  
total of 25 years service still would  
be needed.

Another new Senate bill would:  
Appropriate \$49,500 to the state  
Agriculture Department for main-  
tenance and operation of a regional  
poultry diagnostic laboratory at  
National Agricultural College—Ed-  
ward B. Watson (R-Bucks).

SAYS VIET NAM  
PREMIER FACES  
GREAT TROUBLE

## By JOHN SCALI

WASHINGTON (P)—Special Am-  
bassador J. Lawton Collins has re-  
ported to the government that Pre-  
mier Ngo Dinh Diem faces grave  
and perhaps insurmountable diffi-  
culties to stay in power in South  
Viet Nam.

Diem is bitterly opposed by three  
religious sects seeking his ouster,  
and the French would like to see  
him replaced on the ground that  
his government lacks strength to  
unite the Communist-menaced  
country.

However, his regime has had the  
full support of the United States,  
and there were no indications of  
a change in that policy despite  
the reported gloomy appraisal by  
Gen. Collins, President Eisenhower's  
special envoy.

## Reports In Secret

Collins, who returned last Thurs-  
day for consultations, reported in  
secret yesterday to the Senate and  
House foreign policy committees.  
Afterward, a senator who heard  
his report said the situation was  
"not hopeless" but that Collins felt  
that "stronger leadership" was  
needed to keep Southern Viet Nam  
from chaos.

The senator said, however, this  
view did not mean that the Eisen-  
hower administration has given  
up hope that Diem can weather  
the political crisis which has re-  
sulted in armed clashes in Sal-  
gon, the capital.

## Says Reds In Trouble

This senator said, Collins report-  
ed the Reds in Northern Indochina  
also were having serious troubles  
in ruling their area. The Commu-  
nists were given half of Viet Nam

## Kansas City Far Ahead On Crowds But Bad Weather Is Hurting In Most ML Cities

By ED CORRIGAN  
The Associated Press

Whatever troubles the majors have been having with their attendance can be blamed on the weather in the eyes of most club officials, an Associated Press survey disclosed today.

The only club that has been prospering to any great degree is Kansas City, which is far ahead of the others with a total of 174,064 for eight home dates. That, of course, needs no explanation. The A's are new in the American League.

While commenting on the weather, Clark Griffith, the old fox of the Washington Senators, got in a blast at the idea of playing in unseasonable weather.

"I don't know why some of the games are played," he complained. "But the attendance for our first four home dates has been at least equal to last year. It's been different on the road, where we've been hurt by bad weather."

**Smallest For Indians**  
The Cleveland Indians played before only 972 persons yesterday. An Indian spokesman said the crowd "was the smallest in the last 10 years and possibly 20 years," but added that total attendance is slightly ahead of last year.

Observed Harold (Muddy) Ruel, general manager of the Detroit Tigers:

"The fans haven't started thinking in terms of baseball yet. It's been too cold."

**Orioles Pack 'Em In**  
The Baltimore Orioles still are packing 'em in with their attendance for the first five games off only 7,451 (130,057 to 123,057) from last year. An Oriole spokesman conceded the weather probably had something to do with the drop but pointed out that the caliber of opposition was better in '54.

Joe Cronin, general manager of the Boston Red Sox, reported that attendance was about the same as last year.

"Our attendance has been down," admitted an official of the New York Yankees. "But it's so early in the season we haven't tried to analyze it ourselves. Small crowds indicate people who have tickets just don't come out when the weather is bad. They stay home and watch TV."

In the National League, the New York Giants reported that they haven't been hurt to any degree by the weather.

**Braves Draw Well**  
The Brooklyn Dodgers, who have been the talk of the league with their poor attendance, declined comment except to say that the weather has been uniformly bad.

Milwaukee, which had had no trouble attendance-wise since it joined the league two years ago, have been playing in the mid-40s at home.

"But despite the cold," said Executive Vice President Joseph Cairnes, "the present rate of attendance would indicate the Braves will have a much better season attendance than last year's National League record."

Both Pittsburgh and Philadelphia attribute their drop to the weather.

**Wrestling Starts At Hershey Arena**

HERSHEY, April 27 — The spring and summer wrestling season gets under way Friday night at the Hershey Sports Arena with Promoter Bert Bertolini again directing the programs.

Bertolini will present Antonio Rocca and Yukon Eric in the main event of the 29th show in Hershey's spacious sports palace.

In the semi-feature, John Tolos, who already has hurled a challenge at the Rocca-Eric winner, will trade holds with Herby Shiff, popular newcomer from Los Angeles.

The evening's second scuffle will be a best-of-three-falls Australian tag team match in which the Whiz Kids from Utah, Joe Tangaro and Guy Brunetti will attempt to add Buddy Lee and John Heideman to their ever-growing string of victims.

Show-opener principals at 8:45 will be Billy George, of Syracuse, and the veteran Harry Lewis, of New York.

**FREE TAGS FOR VETS**  
HARRISBURG (AP)—The House has passed and sent to the governor a proposal to grant free state fishing licenses to disabled veterans of the Korean conflict.

The bill to extend the present law which applies only to disabled veterans of actual wars was approved unanimously last night. It passed the Senate, 47-2, last month.

Burton Shipley, University of Maryland baseball coach, is now in his 32nd season as mentor of the diamond squad.

## NCAA CRACKS DOWN ON TWO UNIVERSITIES

By JOE MOOSHL

CHICAGO (AP)—The NCAA cracked down on the Universities of Oklahoma and Cincinnati yesterday with a warning that the two clean up their athletic policies or face possible expulsion.

Oklahoma was placed on two years probation by the policy-making council of the National Collegiate Athletic Assn. Cincinnati was given one year probation and was ruled ineligible to participate in NCAA championship events.

No such clause was attached to Oklahoma's penalty, which means Oklahoma, perennial Big Seven football champion and a major grid power nationally, can participate in the Orange Bowl next New Year's Day if the Sooners win the conference title.

**Reprimand Three**  
The council reprimanded three other schools and terminated the probation periods of two others.

One-year probationary sentences for Kansas State and North Carolina State for "athletic malpractices" were terminated effective May 7.

The University of Dayton (Ohio), Bethune-Cookman College of Daytona Beach, Fla., and Virginia Union University were reprimanded.

Dayton was reprimanded for holding a basketball tryout and the others two for engaging in the Tropical Bowl football game at Jacksonville, Fla., Dec. 12, 1953. The game was not certified by the NCAA.

**Cost-Free Offers**  
The council reported it was found that Oklahoma staff members offered prospective student-athletes cost-free education beyond the athletes' normal period of eligibility.

The school also was accused of paying medical expenses for immediate families of student athletes, specifically the wives and children of such athletes.

The council said university patrons provided student-athletes "fringe benefits" in the form of clothes, miscellaneous gifts of cash and other gifts of relative nominal value.

Some members of the Cincinnati football coaching staff were found to have offered athletes aid in excess of that permitted by the university and the NCAA and to have provided transportation for prospective football players to visit the campus during the years 1951 through 1953.

**House Votes Ban On San Juan Rabbits**

HARRISBURG (AP)—The importation of the San Juan rabbit is prohibited until after Sept. 1, 1957, in a House-passed proposal ready for Senate consideration.

The suggested ban, approved by the House 201-5 yesterday, is the result of public hearings held by the House Conservation and Wild Life Committee.

The bill would fix a fine of \$100 or 60 days in jail or both for violations. It would give the Agriculture Department and state Game Commission authority to lift or continue the moratorium after Aug. 31, 1957. Their decision would be based on whether the animal is proven destructive to farms or farm products through tests now being carried out.

Voting against the ban were Reps. W. W. Waterhouse (R-Erie), Daniel H. Erb (R-Blair), John J. Vaughan (R-Allegheny), Harry W. Price (R-Mifflin) and Richard O. Hass (D-York).

**Sande Leads In Pimlico Choices**

BALTIMORE — The names of the racers, chosen by the nominating committee for a place on the final ballot for the Jockeys Hall of Fame at Pimlico, were announced today. A list of fifty-four inactive jockeys were submitted to the committee and each selected seven.

Earl Sande, a star of the Twenties who made a brief comeback in 1954, was chosen by 43 of 44 sportswriters and sportscasters who marked ballots in the nominating pool.

George Woolf drew 32 and Isaac Murphy 31 votes. The group of seven, chosen by the committee for the final voting, is rounded out by Tod Sloan, Sonny Workman, LaVerne Pator and Walter Miller.

Each gathered 20 or more votes and there was a sharp drop in the number cast for Snapper Garrison, the next high man.

**ELKS SQUAD DRILL**  
The Elks softball team candidates are requested to meet at the Recreation Field this evening at 6:45 o'clock. In event of inclement weather they will meet Thursday at 6:45.

## Bobby Thomson Hitless As Giants Win With Antonelli; Turley's One Hit Pitching Wins For Yankees

By ED WILKS

Charlie Grimm watched the rain bounce off the sidewalks of New York from his hotel room yesterday afternoon and figured both his Milwaukee Braves and his Giants were in good shape, what with Bobby Thomson hitting and all.

Jolly Cholly agreed with pre-season talk that had his guys winning the National League pennant. And he was sure the Johnny Antonelli-for-Thomson deal with the Giants was about to swing in Milwaukee's favor at last. A year ago, of course, Thomson was useless with a broken ankle while Antonelli was the pride of New York's pitching staff as the Giants swept to the world title.

"Thomson already has won two games for us in the field," said Charlie, "and three with his bat." That accounted for five of the seven won by second-place Milwaukee so far.

**Antonelli Stops Braves**  
It might have been six games chalked up for Thomson last night—except for a guy named Antonelli. The young lefty, beaten in his two previous starts, put down the Braves with three hits in a 3-2 New York victory. And he made Thomson, tied for the league lead in runs batted in (17), look like just another batter.

Twice he fanned Thomson, who went hitless in four trips. In the eighth, a rally fizzled as Thomson dribbled the ball in front of the plate for the final out with the tying run on third.

That was the only National League game played, with rain and cold putting the rest on the shelf. But the American got off all four games, topped by Bob Turley's one-hit pitching in a 5-0 victory over the Chicago White Sox that moved the New York Yankees into first place, one game up on the Sox.

**Red Sox Drop Long One**  
Boston had a chance to tie the Yankees, but dropped one to Kansas City. The Sox, who had won three of their last four games, were out of the lead in the eighth when Jim Finneran smacked a single to win the game.

Boston's relief pitching, by Russ Kemmerer and Tom Hurd, no-hit the A's from the fourth to the 11th. Then Joe Astroth tripled and Jim Finneran smacked a single to win the game.

## EZ CHARLES TO FIGHT TONIGHT

MIAMI BEACH, Fla. (AP)—Ezzard Charles, former world's heavyweight boxing champion, and John Holman, a "hungry" fighter, square off tonight in a 10-round bout at the City auditorium.

CBS will telecast at 9 p.m. EST. Charles, 33-year-old veteran of 100 fights, hopes to work his way back to a title shot at Rocky Marciano. He was beaten twice last year in attempting to dethrone the champion.

Holman, 27-year-old Chicago Negro, will be making his first start against a "big name" opponent. It will be his 38th fight in a 10-year ring career.

Charles, who fights out of Cincinnati, is a fancy boxer and knocked out 55 of his opponents in winning 87 fights. He has lost 11 and 2 ended as draws. He is expected to weigh in at 190 pounds and will be giving away 10 pounds.

Holman's chief claim to fame is that he knocked out Cesar Brion here earlier this year, the first time Brion was flattened. Brion had gone the limit with both Charles and Joe Louis.

In his 37 fights, Holman scored 15 knockouts and lost 10.

## Democrats May Ask Public Hearings On Tax Program; Readinger Defends Measure

HARRISBURG (AP)—Democrats today flirited with the idea of publicly airing the commonwealth's proposed \$1,834,000,000 budget of which 411 millions would be financed by the classified income tax.

Rep. Albert S. Readinger, House Democratic floor leader who introduced the income tax measure Monday night, expressed a hope the press would be allowed to sit on budget hearings opening next week. This would be precedent-setting.

"We are now debating whether we will have joint Senate and House appropriation committee hearings or just the House group alone," he told a newsmen.

In the Senate, Sen. John H. Dent, Democratic floor leader, formally introduced a resolution to hold public hearings on the budget. It went to committee for study.

The final decision on public meet-

ings rests with the chairmen of the respective House and Senate committees—Rep. J. Dean Polen (D-Washington) and Sen. Leroy E. Chapman (R-Warren)—and they're keeping silent.

Readinger sponsored the income tax measure Monday night to a background of outspoken Republican criticism.

Rep. Charles C. Smith, House Republican leader, said Democrats were "trying to put across the great fraud in the history of the commonwealth."

Readinger defended the income levy as the cornerstone to a 621 million dollar tax program and conceded it was unpopular.

"But before it is acted upon the

public will be given the full information on why the money is necessary," he said in hinting public hearings on the budget.

As introduced under the co-sponsorship of Readinger and Rep. Harris G. Breh (D-Clearfield), the classified income tax measure calls for tax rates of:

One per cent on salaries and wages. Yield \$194,800,000.

Two per cent on net income from the operation of an unincorporated business or the practice of a profession. Yield \$83,200,000.

Four per cent on net income from interest, rents and royalties. Yield 42 millions.

Five per cent from dividends. Yield 53½ millions.

Six per cent on net income from long-term capital gains and from net gambling winnings. Yield 34½ millions.

**\$1,000 Exempted**

The first \$1,000 of salaries and wages would be exempt from the 1 per cent levy. Another provision calls for withholding income taxes from wages July 1. All other phases of the income levy would be retroactive to last Jan. 1.

All taxpayers, no matter from where the income is derived, would file annual returns by each April 15 except those on a fiscal year basis.

Meanwhile, the Senate readied a vote, possibly for this week, on administration-supported legislation to sell and lease the Curtiss-Wright Aeronautical Corp. a large tract of state forest land in northcentral Pennsylvania for construction of a research center.

The bills were introduced Monday night, given committee approval almost immediately and put into position for debate today.

**Would Employ Thousands**

Lands involved are located in Clearfield, Cameron and Elk counties. Gov. George M. Leader has estimated thousands of persons would be employed at the research center.

In another development, Sen. Joseph M. Barr, Democratic state chairman, issued a new statement declaring the Leader administration is now being "forced to pick up the check for Republican spending orgies over a 16-year period."

"It is noteworthy in the fury of Republican attacks upon the administration's tax and budget program that no GOP spokesman has denied the existence of the back-breaking obligations inherited by Governor Leader, nor has any Republican offered a solution to the giant problem."

On this point, Miles Horst, Republican state chairman, said it would be futile for the GOP to offer an alternative tax program while Democrats controlled the House, where all tax-raising measures originate.

"Whatever happens to the Leader 'soak-everybody' tax program, the outcome will not change the responsibility for proposing new taxes one iota," he said.

Meanwhile, Readinger said the remainder of the administration's 621 million dollar tax package would be introduced in the House by nightfall.

It ranges from increasing the five cents a gallon gasoline tax to six cents to boosting the five per cent corporate net income tax from 5 per cent to 6 per cent.

## TWO U.S. ENVOYS BEGIN JOURNEY TO WHITE HOUSE

By SPENCER MOOSA

TAIPEI, Formosa (P)—Two top-level U.S. envoys left today on the long trip from Formosa to the White House to report on their military - diplomatic emergency mission to Formosa.

Adm. Arthur W. Radford, chairman of the Joint Chiefs of Staff, and Walter S. Robertson, assistant secretary of state, maintained the same tight-lipped silence they had kept during their three days at President Chiang Kai-shek's suburban retreat.

Nationalist Chinese fears that their mission sought abandonment of the offshore islands of Quemoy and the Matsus seemed to have subsided.

Will Be "Fruitless"

But disappointment and bitterness replaced these earlier apprehensions in the wake of Secretary

of State Dulles' announcement of a new open-door policy toward cease-fire talks with Red China.

"We strongly believe that any contact with the Reds will be fruitless," a qualified Nationalist official said.

"Everyone knows what the Communists want—they want Formosa and they want to continue with their program of world conquest."

"Useful Exchange"

Robertson said he and Radford had "a useful exchange of views" with Chiang.

The purpose of their trip, he said, was to consider problems relating to the U.S.-Nationalist Mutual Defense Treaty. Robertson declined to say whether they had a division of Nationalist withdrawal from Quemoy and the Matsus.

The Nationalist-garrisoned islands lie off the Chinese mainland within range of Communist big guns.

Put a container (6 ounces) of cream style cottage cheese in your electric mixer with a quarter pound of blue cheese and a little heavy cream. Mix well and add grated onion and Worcestershire sauce to taste.

## DENT ASKING PROBE OF GOP AND SALES TAX

HARRISBURG (P)—Sen. John H. Dent (D—Westmoreland) wants the Senate to urge the Justice Department to investigate collection of Pennsylvania's one per cent sales tax under the last administration.

The Democratic floor leader made the proposal in a resolution Monday night which went to the Rules Committee.

Dent, in introducing the resolution, said he was convinced that officials eased up on administration of the 1953 law to make people believe it was a fair tax and to clear the way for boosting it another three or four per cent.

He charged that the law was evaded by the Revenue Department in making agreements with "certain mercantile establishments."

Under these agreements, said Dent, "the business firms would pay on a quarterly basis of 70 per cent of the tax assessed on a bulk figure."

Sen. Rowland B. Mahany, Republican floor leader, told the Senate he could find nothing in the Dent resolution that the attorney general does not already have the power to do.

"If there is anything wrong with collection of the tax, let the new secretary of revenue fix it," Mahany said.

## Taneytown SCHOOL HEAD TALKS TO LIONS

Samuel M. Jenness, Carroll County superintendent of schools, was the guest speaker at the semi-monthly meeting of the Taneytown Taney Inn. Raymond Perry was in charge of the program.

Mr. Jenness discussed the need for additional education facilities in the coming years due to the rising birth rate. He also discussed the caring for retarded children.

The first Lions Club Zone Social Night for clubs in Emmitsburg, Glade Valley, Libertytown, Unionville, Taneytown, Thurmont and Union Bridge will be held in the American Legion Hall, Thurmont, Thursday evening at 7 o'clock.

Arrangements for this program, the first of its kind, are in charge of Charles I. Joy, zone chairman, Libertytown, and tickets for Lions and Lionesses are in charge of Deputy District Governor Singleton Remsburg and President Wilbur Thomas.

The next meeting of the club will be held May 10 at 6:29 o'clock at Taney Inn with Charles Arnold in charge.

## Senate Ponders 2 Nominations

HARRISBURG (P)—The names of two nominees of Gov. George M. Leader to complete Democratic make of the three-member Workmen's Compensation Board were before the Senate today for confirmation.

Leader also asked the Senate Monday night to confirm two Democratic nominations to the three-man Unemployment Compensation Board of Review.

Nominees to the \$11,000-a-year posts on the Workmen's Compensation Board are Hugo J. Parente, Monessen, and Thomas B. Noonan, Mahanoy City.

Parente would succeed L. Pat McGrath, Pittsburgh, while Noonan would replace Frank B. Brennan, Philadelphia, both of whose terms expired.

## SAYS PAPERS ARE LOSING OUT IN CIRCULATION

NEW YORK (P)—A session of the 69th convention of the American Newspaper Publishers Assn. was told today that recent increases in newspaper circulations did not keep pace with population increases in the United States.

The statement was made by William T. Burgess, publisher of the La Crosse (Wis.) Tribune and chairman of the committee in charge of Tuesday's session for publishers of newspapers from 10,000 to 50,000 circulation.

Burgess said in an address prepared for the session: "Newspaper circulations, it is true, showed an all-time high in 1954. However—and this is important—newspaper circulations did not keep pace with increases in population."

Some Solve Problem  
"What are newspapers doing to meet this challenge of diversion from reading time to other interests? Many newspapers have solved this problem successfully. Some newspaper executives in this room have not."

Burgess said an ever prevalent question for newspaper publishers is "how to meet the increasing cost of newspaper production and at the same time continue to operate in the black."

Other problems are new competing media, and handling new processes and new techniques as they become available, he said.

The convention opened Tuesday and will continue through Thursday. Holding their annual meetings at the same time are The Associated Press, United Press and International News Service.

The average annual income per person in India is \$54 a year.

## ASKS TRANSFER OF FUND CREDIT

HARRISBURG (P)—A package of five bills offered the House Monday night would permit the full transfer of credit between the state Employees Retirement Fund and the Public School Employees Retirement Fund.

Rep. Preston A. Frost (R-Centre), co-sponsor of the bipartisan measures, said they will allow any former state worker employed in the public schools or former school worker taking a state job to request re-establishment in his former retirement plan.

One of the proposals would make faculty members of the Pennsylvania State University eligible for membership in the school employees system on the same basis as faculty members of teachers colleges. At present they can belong only to the State Employees Retirement Assn.

The proposals also would permit a former school employee taking a job with the state to restore his membership in the School Retirement Assn. by repaying the full amount of accumulated deductions or any part that may have been withdrawn.

Cosponsor of all five bill is Rep. Martin C. Mihm (D-Allegheny).

# MAY TRANSFER RUDOLF HESS TO MENTAL HOME

BERLIN, (AP)—Allied doctors are reported discussing a U.S. proposal to transfer Rudolf Hess to a mental home. Informed sources revealed yesterday Adolf Hitler's former deputy, now serving a life sentence as a war criminal, recently attempted suicide in Spandau prison.

These sources said Hess has deteriorated mentally in recent weeks and a special guard has been placed on him. He reportedly is convinced that he has cancer, although medical examinations disclosed no evidence of the disease.

Hess, Hitler's first deputy in the Nazi party, is one of six Nazi leaders held in Spandau prison under joint American, British, Russian and French guard. Any decision to remove him would have to be approved by all four powers.

Although an American doctor at the prison denied the suicide attempt reports, other sources said Hess swallowed insecticide he had been given for his garden in the prison grounds.

They said the incident occurred

## Fifth-Graders Learn Spanish By Usage

CHADRON, Neb. (AP)—Fifth and sixth graders in the Campus Laboratory School of Chadron State Teachers College start the day with a pledge of allegiance to the flag in Spanish, then sing America in Spanish. They carry on simple conversations too in the foreign tongue. The program, now in its second semester, is directed by Mrs. Carmen Garcia of Scottsbluff, Neb., who instructs 27 children in Spanish reading and conversation every afternoon.

When it is your turn to entertain the bridge club, make up some crab salad; crabmeat, diced celery, mayonnaise. Fill unpeeled avocado halves with the salad. Put the stuffed avocados in a shallow baking pan and pour a little hot water into the pan. Bake in a slow (325 degrees) oven until hot — 10 to 15 minutes. Serve with potato chips, sprigs of watercress inserted in rings of raw carrot and hot rolls. Dessert might be pineapple chiffon pie.

several days ago. Word of it seeped out of the tightly guarded jail only yesterday — Hess' 61st birthday. U.S. Army doctors reportedly used stomach pumps and antidotes to save his life.

## READING EARNINGS

PHILADELPHIA (AP)—The Reading Co. has reported net earnings for the first quarter of 1955 of \$2,446,109, a drop of \$49,167 over the first three months of 1954.

The railroad's 1955 income was equivalent to earnings of \$1.24 on each share of common stock, compared to \$1.28 for the first three months last year.

Operating revenues, according to the company's statement yesterday, decreased \$379,862 to \$28,278,033 for the three months. The biggest drop was in freight revenues — \$384,366 — but increases in miscellaneous revenues reduced the overall drop.
